HELEN KELLER MAY BE HERE JAN. 28

PROPOSITION MADE TO CLUB HERE BY MANAGER.

NOTED LECTURER TO BE IN OMAHA JAN. 29

Nothing Definite Till All Clubs Are Consulted—Twentieth Century Planning Mock Trial.

Helen Keller may be in Maryville January 28. In fact, definite arrangements are almost completed for her appearance here that night. She will be in Omaha January 29, and the date just before is open.

A proposition has been made by her manager in a letter to the Twentieth Century club, which was discussed at the meeting of the executive committee yesterday. It was decided that it was too big a financial proposition for any one club to undertake, and that all of the clubs should be consulted with reference to the attraction.

Miss Keller was in St. Joseph last year, but has rarely lectured in towns of this size. Seeing and hearing a person who has been blind, deaf and dumb since infancy, lecturing with fluency on subjects of both general and technical interest is said to be one of the greatest of inspirations by those who have heard her.

Miss Keller's teacher, who solved the problem of giving a person with that handicap a complete and most thorough education, also travels with Miss Keller and lectures upon her experiences and methods.

FRATERNITY IN HIGH SCHOOL

But Don't Get Excited, Parents, It's the Eta Bita Pie—Good Appetite Only Membership Qualification.

A fraternity has been organized, or disorganized, at the Maryville high school. It does not come within the ban on secret orders, however, for it is that grand old order of Eta Bita Pie.

All of its meetings are open and above board (festive board). The first meeting was held in one of the city's restaurants more than a week ago, and patrons who tried to get pumpkin, apple and other favorite brands of pie were disappointed, as they were all gone.

The latest development is a weekly meeting on Monday night at the homes of the members with pie the only article of diet except for a little cider occasionally. This new phase of the situation arose because the rule was for a different one to "treat" each time.

It grew rather hard as the membership increased for even high school boys to get such a sum so it was easier to coax mother to bake several pies. It is said that the only qualification necessary for membership is the normal appetite of a boy.

STRONG REVOLUTIONARY PARTY IN SOUTH DISCOVERED.

Assassins of Viceroy in Confession Implicate Many at Shanghai—Fifteen Are Arrested.

Special to the Democrat-Forum.

Shanghai, China., Nov. 10.—The existence of a strong revolutionary party in southern China to combat the plans for making a monarchy of the republic of China were disclosed here today.

Two assassins who have confessed to the killing of Admiral Tseng Ju Cheng, viceroy of the Shanghai district, implicated many others of the revolutionary party. Fifteen arrests have been made.

The governor was on his way to attend the coronation reception for the mikado of Japan at the Japanese consulate. His private secretary was seriously wounded.

THIRD PICKERING INSTITUTE

Club Women to Have Annual Domestic Science and Agricultural Meet—Miss Bell to Speak.

The third annual domestic science and agricultural institute to be given under the supervision of the Mothers' club of Pickering, will open Friday morning and continue until Saturday night.

The domestic science and needlework displays will be shown in the Methodist church, and the demonstrations, which will be given by Miss Bab Bell, lecturer from the Missouri state board of agriculture, will be held at the Wray Brothers' hardware store.

All the women's clubs of Pickering and the surrounding rural vicinity will participate in the event. Both previous institutes have been highly successful and well attended.

Premiums and ribbons will be awarded in all classes of domestic science and farm product displays.

FUNERAL WEDNESDAY.

Remains of the Late Mrs. Hopper Laid to Rest in Miriam Cemetery.

The funeral services of the late Mrs. A. M. Hopper were held this afternoon at the Thompson street residence. Rev. Gilbert S. Cox of the First Methodist church conducted the services.

The remains were laid to rest in Miriam cemetery. Nephews of the deceased who acted as pall bearers were: Charles Beaver, Ollie James, Ross Joy, Earl Hopper and George Walton of Elmo and Henry Hopper of this city.

DIDN'T SAY A WORD

CHARLES McNEAL TOOK SEAT IN COUNCIL LAST NIGHT.

SIDEWALK ORDER IS MADE

M. H. Borrusch Protests Standpipe Arrangement at Third and Buchanan Streets—No Other Business.

The proper ordinance requiring that a cement sidewalk be put down on the west side of Short street, under the direction of the street commissioner, was passed last night by the board of aldermen.

Lafe Murray was ordered by the city council to construct such a sidewalk. He has not done so, and the city will sue for the cost if the special assessment is not paid to show to all the skeptical that the city has such power by law.

Charles McNeal took his seat in the council last night as an alderman and not a word against his appointment was heard. No other business except adjournment was transacted by the board. Aldermen Dragoo, Hahn, Fisher, McDonald, Garrett and Peery were present.

M. H. Borrusch appeared before the council last night to protest against the plan of the water committee for remedying the nuisance to the Borrusch building at Third and Buchanan streets. Water from the stand pipe from which the flusher is filled seeps into the basement.

The water committee plans to construct a cement platform upon which the flusher can drive, and which will carry off the surplus water. Mr. Borrusch wants the pipe removed altogether, as he does not believe that the other arrangement will stop the trouble. To remove the pipe would cost $200, and the platform $100.

None of the other ordinances were acted upon as W. H. Crawford, city attorney, did not have them ready. The special meeting was called so that the construction on the sidewalks might be done before cold weather. The cleanliness and anti-trash ordinance will be brought up at the December meeting.

WILSON CALLS CABINET

FIRST MEETING SINCE JULY TO BE FRIDAY OR TUESDAY.

Preparedness, British Note On Shipping and New Submarine Activity Subjects of Discussion.

Special to The Democrat-Forum.

Washington, Nov. 10.—President Wilson has called a special meeting of the cabinet for either Friday or Tuesday. National defense and the British note on shipping are given as the matters to be discussed.

This is the first meeting since July. It is probable that the sinking of the Italian steamer Ancona will also have a prominent place in the deliberations of the advisers of the president.

CHARITY BOARD STARTS WORK.

Will Hold Joint Session With Church Representatives Next Week.

A special meeting of the city charity board has been called for Monday night of next week at the Commercial club to plan for the winter's work.

A meeting of the officers and others was held last night and various matters of business discussed. Representatives of the churches and other organizations have been asked to meet with the board next week and assist in formulating plans.

FLUE BURNED AT PERRIN HALL.

Fire Department Makes Run at 1:30 This Afternoon.

The fire department made a run at 1:30 this afternoon to Perrin Hall, where a flue was burning out. The usual crowd went along. The chimney was making a lot of smoke, but there was no fire except in the stove, as half of the crowd told the other half.

A line of hose was strung from the corner of Buchanan and Second streets but nothing but the chemicals was needed.

Costello Sued by Brittain.

T. W. Costello, proprietor of the Conception Mercantile Co., was made the defendant in a suit filed this morning by the John S. Brittain Wholesale Dry Goods company of St. Joseph. A bill of $375.13 and the costs are prayed for in the petition by the plaintiff.

PRESBYTERIAN MEN BANQUET

W. H. Crawford, City Attorney, Talks On Administration's Attitude to Morals—Pastor Speaks.

The monthly banquet of the Men's club of the Presbyterian church was held last night with about thirty-five present. Dinner was served as usual by the women of the church.

Beside the regular social features of the evening, a talk was given by W. H. Crawford, city attorney, on the attitude of the present city administration and board of aldermen toward all moral issues of the city. Cigarettes, the curfew law, the local option election, and other matters were discussed.

Mr. Crawford's address was followed by a short talk on civic welfare by the pastor, the Rev. W. M. Case.

300 LOST ON LINER

11 AMERICANS ON BOARD SHIP SUNK BY SUBMARINE.

THEIR FATE NOT KNOWN

More Than 500 On Ancona, Italian Steamer—United States Will Wait For Facts From Rome.

Berlin, Nov. 10.—Late bulletin.—An official announcement of the war office states that the Ancona was torpedoed by an Austrian submarine after attempting to escape.

Washington, Nov. 10.—American Ambassador Page at Rome has been instructed to report all the facts concerning the sinking of the Italian steamer Ancona by an Austrian submarine.

Awaiting the receipt of the report, no action will be taken by the government of the United States.

Americans On the Ship.

Rome, Nov. 10.—The Italian liner Ancona has been sunk by a large submarine flying the Austrian colors.

Naples reports that eleven Americans engaged passage on the Ancona, which sailed from Naples November 9 to go to New York. It is not known whether all of them sailed.

The Italian government is handicapped in getting the details by the static conditions crippling the wireless. The large ship apparently went down near the Algerian coast. It is reported that a hundred shell were fired before landed by torpedo, but it has not been confirmed.

Two hundred and seventy survivors, some of whom are wounded, have been landed at Bizerta. Mr. and Mrs. Canfield Jones of Philadelphia and Mrs. S. Sassoli of Washington are reported to have been on board the steamer. Communication with ports says landing was difficult and the official report has been delayed.

300 Lives Were Lost.

London, Nov. 10.—Three hundred lives were lost in the sinking of the Italian steamer Ancona by an Austrian submarine, according to a statement by Lloyds this morning. There were 582 passengers and sailors on board, 83 being in the first cabin, 339 in the steerage and 160 in the crew. Two hundred seventy passengers have landed at Bizerta and some are reported as landed at Tunis. It is not known how many Americans have perished.

Three British Ships Submarined.

London, Nov. 10.—Three British freight ships, the Clan McAlister of Glasgow, the Moorina and the Californian, have been sunk by torpedoes in the Mediterranean. All are of about 4,000 tons. The fate of their crews is unknown.

Kitchener Not Going to India.

The Exchange Telegraph company says that an Italian submarine and a flotilla of destroyers are now pursuing the Austrian submarine which sunk the Ancona.

It is officially stated that Lord Kitchener is not going to India, but is on his way to the Balkans, as formerly stated. It had been rumored that he was on his way to quell a mutiny among the various tribes in India.

Two German Submarines Sunk.

Special to The Democrat-Forum.

Algerras, Spain, Nov. 10.—Two German submarines are reported sunk in the Strait of Gibraltar by British warships.

BIG STEEL PLANT BURNS

BETHELEM GUN WORKS IN RUINS WITH 800 CANNON.

Loss Will Be Several Millions From Fire Whose Origin Is Not Known —War Material for Allies.

Special to The Democrat-Forum.

South Bethlehem, Pa., Nov. 10.—The machine shops of the Bethlehem Steel Works, containing all of the machines for making war material, were burned this morning with a loss of several million dollars.

The corporation is the largest single manufacturer of guns and war material in the United States. In the ruins are 800 guns ready for shipment.

Most of these guns were for the Allies in the European war but some were for the government of the United States.

The origin of the fire is unknown.

MAYOR WRIGHT NOT CANDIDATE AGAIN

BUSINESS CARES AND STRAIN OF OFFICE HIS REASONS.

MAY AFFECT DATE LOCAL OPTION VOTE

Temperance Forces Desire Election When Sure of City Administration Favoring Them.

"I am not and shall not be a candidate for the office of mayor for another term," said Mayor U. S. Wright this morning. "If the place is a good thing it ought to be passed around, and if it is a bad or a burdensome affair, then I have done my share."

"Of this I am certain," continued the mayor, "that I do not want the office again. I have said that for many months and I mean it. Therefore I will not allow myself to be put forward as a candidate because I do not want the office again.

"No one except those who are connected with the city hall and the administration has any idea of what a clearing house for all kinds of complaints the mayor's office is. Everything from the sewer at the Wabash trestle to the blackbirds in the trees, and from bad water or heat service to too much dust or smoke in the air is brought down to be poured into the ear of the mayor.

"And beside being a strain on one's physical vitality, I am holding the office at a financial loss. Personally, I desire to get back to my business and let some other man run the city. That is my decision if it is left to me alone."

Considerable interest has been attached to what the mayor would do in the coming city election since the liquor election has begun to be discussed. A mass meeting is to be called to decide whether the temperance forces want the local option election February 3 or prefer to wait until sixty days after the city election, which will be held April 4.

Those who favor the February date point out the possibility that there may be a change in the administration of the city government, and that the anti-saloon election had better be held while it is certain that the mayor and other city officials are favorable to the dry side.

Others who believe strongly that the election should be held in June say that Mayor Wright can be persuaded to run again and that his election will be assured. The city election in that way could be made a good preliminary to the local option fight, say these leaders.

So the question, "What will the mayor do?" has arisen. The Democrat-Forum takes pleasure today in giving the answer to that query.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

A henpecked individual excuses his existence on the ground that if it were not for the men the women would have no one to "boss around."

All talk of President Wilson entering another presidential campaign is at this time inopportune. Mr. Wilson is nearing the end of a more important campaign and is too wise to muddy the matrimonial waters with politics. After Christmas maybe he will be open to further suggestions.

Moberly voted "wet" Tuesday by a majority of about five hundred. At a prior election they carried the city by over eight hundred. The last vote shows an increasing sentiment in favor of a dry town and should be a sufficient warning to the wets in Moberly that they must slow down or be swept off the map.

Former Congressman Vandiver of St. Louis is the latest mentioned prospect for the democratic nomination for governor. Mr. Vandiver has a strong following in southeast Missouri and is a close friend of former Governor Folk. He is at present in charge of the United States subtreasury at St. Louis and was endorsed by Senators Stone and Reed.

There is every reason to believe that the coming session of congress will be a lively one. There are a number of very important propositions held over from last congress, and to them will be added the ever-recurring question of national defense. Circumstances give this question an unusual importance and a vigorous, if not a bitter, contest will likely be waged before it is settled. If Mr. Bryan should undertake active opposition to the president and throw his influence against the administration program it will be difficult to avoid some bad feeling.

A recent copy of an exchange contains a full page advertisement of a special subscription offer in which appears such expressions as these. "Most stupendous subscription offer ever made," "this gigantic offer," etc. The offer, however great a bargain it may contain, is half killed by the extravagant adjectives used. Good ad writers of the present day appeal to the intelligence of the public with clear, simple logic and succinct reason, and the circus style, familiar a few years ago, has a tendency now to prejudice the case of the advertiser against him rather than to benefit him.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Relieves Worst Cold or the Grippe in Few Hours—No Quinine Used.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

NOVEMBER KEEPING IT QUEER.

All Kinds of Weather Since the First From Cold to Lukewarm.

Saturday was the warmest November day ever recorded by the weather bureau, the thermometer registering 83 at Kansas City, and Sunday was a warm day with a veritable hurricane blowing at times from the south.

Monday morning people awoke to encounter a very cold wind blowing from the northeast. Today is balmy in the morning like an April day. Evidently November is going to do its best to keep up 1915's record for queer weather.

Mrs. M. Heffern returned Tuesday evening from a visit with her sister, Mrs. William Morrisey in Saxton, Mo. She was accompanied by her aunt, Mrs. Margaret Walker of St. Joseph, who will be her guest.

Will Move to Town.

James R. McMahon, who has lost the sight of one eye and partial sight of the other in two accidents within the last year, has rented his farm, two miles north of Wilcox, and will move to Maryville. He has announced a closing out sale for November 16.

Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall Orderlies—a mild laxative that tastes like sugar. Try them by us. 10 cents.

Give your Child
Dr. King's New Discovery
for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation.

"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them *free* from cold. I can't say too much for it, and take pleasure in recommending it to my friends." *Mrs. A. S. Haines, Franconia, N. H.*

Don't put off treatment. Coughs and colds often lead to a chronic cough, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.

BIG HOG DAY AT ST. JOSEPH.

Run of 14,895, Largest Since February 4.

Receipts at the St. Joseph stock yards today totaled 13,584 head, the largest one-day run since February 4, 1915, when 14,895 arrived. An unusual feature of the big run here today was the fact that only one dead hog was included in the total arrivals of 177 cars. Practically all of the hogs arrived early, and while the market was mostly 15 to 20 cents lower than Monday, demand was sufficient to fully absorb the offerings.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yet—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

Bothered by Catarrh, Bronchitis, Asthma, Head or Chest Colds?

Try the "Vap-O-Rub" Treatment—Relieves by Inhalation and Absorption. No Stomach Dosing.

No need to disturb your stomach with internal medicines for these troubles. Vick's "Vap-O-Rub" Salve, combines by a special process—Menthol, Thymol, Eucalyptol, Camphor and Pine Tar, so that when applied to the heat of the body, these ingredients are released in the form of vapors. These soothing, medicated vapors are inhaled all night long through the air passages to the lungs, loosening the phlegm, soothing the inflamed membrane, and aiding the body cells to drive out the invading germs.

In addition, Vick's is absorbed through the pores, reducing the inflammation and taking out that tightness and soreness. 25c, 50c, or $1.00. At all druggists.

Do The People Want a Fair?

We realize that very few people understand the real conditions under which the Fair has been conducted the last two years. We further realize that a County Fair should be owned and conducted by the people and the stock distributed throughout the county as much as possible. The organization has been indeed very temporary. We have been unable to plan definitely for future exhibitions. And would say, without going into detail (which seems improper here) that without the support of the people of this county whom we feel should have as much interest in this matter as ourselves we care to go no farther without your hearty co-operation and support. We have endeavored to give the public good clean Fairs and Entertainment, and have tried so far (under trying circumstances) to fulfill every promise made. Will you take an interest and be one to assist and have a voice in maintaining the best County Fair in the state? This is not a sympathetic appeal. Our personal interest is no more than yours. We have no ax to grind in the matter. It is a plain business proposition. Shall the Fair be for the people and by the people? It is up to you.

Here Is The Proposition To The Public

Whereas the Maryville Nodaway County Fair and Agricultural Association, of Maryville, Mo., a corporation formed for the purpose of operating and conducting a general County Fair, Live Stock and Agricultural exhibition, being duly incorporated under the laws of Missouri, on January 11, 1915, for a term of (20) years, the amount of capital stockis ($25,000.00) divided in (250) shares of par value of ($100.00) each, subject to mortgage of $3,600), which amount of stock is considered (Preferred) stock. For the good and promotion of the above Fair Association the officers propose to sell (108) shares of stock **or more,** which represents the controlling interest of the above corporation. **Said stock to be sold on the following conditions:**

FIRST, the above amount of stock (108) shares to be sold on or before January 11, 1916. **Otherwise this contract to be void.** No stock to be issued by corporation to subscribers until (108) shares of stock has been subscribed for.

SECOND, in case the above amount of stock is subscribed for, on or before January 11, 1916, the officers of the above corporation will notify each subscriber of meeting to be called on or before January 11, 1916, at which time stock subscribed for will be issued and become due and payable, either by cash or bankable note.

THIRD, the terms of office of the present officers of the above corporation expire on January 11, 1916, at which time stockholders will be requested to meet in Maryville, Mo., for the purpose of electing new officers for the corporation. Also officers for the Fair Association and drafting rules and regulations and other business that may come before the association.

A Parody on Hardware

Thanksgiving Day is almost at our door,
That's why we all begin to look so glad
And too because of things we see in Hudson and Welch's hardware store.
Of this I'm certainly going to tell my dad
To get one of those aluminum roasters.
There isn't any doubt but what they are the best,
And my the prices, how they beat the rest.
But when you've seen them it doesn't matter about the change.

Oh say, before you leave ask them to show you
The famous South Bend Malleable range,
Then think about the matter for a while,
It's their guarantee that you will shed no tears.
The flue is lined with special compositions,
To last you for more than twenty years.

Take a look at their soft coal heaters,
And here you have to wonder some more
For there isn't a better line in any city.
If you can show this you'll get the best stove
They have upon the floor.

Take a look at their hard coal base burners,
And wood stoves they surely have them galore.
But here's the whole thing in a nut shell,
The proposition is right now up to you,
And find they have their prices on the lowest floor.

Butchering Notes.

Butcher hogs at home.

Give them water but no feed for a day before killing.

Bleed the hog with an 8-inch straight bladed knife.

Be sure bleeding is done before scalded or the skin may be left too red.

A heavy blow with an axe between the eyes will stun the animal before sticking.

The meat may spoil if the animal is excited before killing or the weather is warm afterwards.

Scrape as quickly and rapidly as possible after scalding. The cold carcass is hard to scrape well.

Bleeding will be finished more quickly if the animal lies on a steep slope with its head down hill.

Keep the hog moving in the barrel. If the animal is left pressed against the barrel the hot water cannot get at that part of the carcass.

Scraping is easier if a shovelful of hardwood ashes, a lump of lime, some concentrated lye, or a handful of soft soap has been added to the water.

Use a thermometer. Do not attempt to scald with the water at above 150 degrees. A good scald can be obtained at 140 degrees, but it takes longer.

In opening the carcass, split the pelvic bone between the hams with a knife by cutting exactly in the center. To open the breast bone with a knife cut a little to one side of the center, but do not let the point of the knife get behind a rib.

These methods are used at the Missouri college of agriculture, where students are taught the principles and practice of home butchering and curing. There is nothing to prevent the farmer from having the best without the extravagance of big store bills for sale pork. Both he and the storekeeper will profit if he cures meat for his own table and uses the money saved to buy things he wouldn't otherwise get.

HELEN KELLER MAY BE HERE JAN. 28

PROPOSITION MADE TO CLUB HERE BY MANAGER.

NOTED LECTURER TO BE IN OMAHA JAN. 29

Nothing Definite Till All Clubs Are Consulted—Twentieth Century Planning Mock Trial.

Helen Keller may be in Maryville January 28. In fact, definite arrangements are almost completed for her appearance here that night. She will be in Omaha January 29, and the date just before is open.

A proposition has been made by her manager in a letter to the Twentieth Century club, which was discussed at the meeting of the executive committee yesterday. It was decided that it was too big a financial proposition for any one club to undertake, and that all of the clubs should be consulted with reference to the attraction.

Miss Keller was in St. Joseph last year, but has rarely lectured in towns of this size. Seeing and hearing a person who has been blind, deaf and dumb since infancy, lecturing with fluency on subjects of both general and technical interest is said to be one of the greatest of inspirations by those who have heard her.

Miss Keller's teacher, who solved the problem of giving a person with that handicap a complete and most thorough education, also travels with Miss Keller and lectures upon her experiences and methods.

FRATERNITY IN HIGH SCHOOL

But Don't Get Excited, Parents, It's the Eta Bita Pie—Good Appetite Only Membership Qualification.

A fraternity has been organized, or disorganized, at the Maryville high school. It does not come within the ban on secret orders, however, for it is that grand old order of Eta Bita Pie.

All of its meetings are open and above board (festive board). The first meeting was held in one of the city's restaurants more than a week ago, and patrons who tried to get pumpkin, apple and other favorite brands of pie were disappointed, as they were all gone.

The latest development is a weekly meeting on Monday night at the homes of the members with pie the only article of diet except for a little cider occasionally. This new phase of the situation arose because the rule was for a different one to "treat" each time.

It grew rather hard as the membership increased for even high school boys to get such a sum so it was easier to coax mother to bake several pies. It is said that the only qualification necessary for membership is the normal appetite of a boy.

Assassins of Viceroy in Confession Implicate Many at Shanghai—Fifteen Are Arrested.

Special to the Democrat-Forum.

Shanghai, China., Nov. 10.—The existence of a strong revolutionary party in southern China to combat the plans for making a monarchy of the republic of China were disclosed here today.

Two assassins who have confessed to the killing of Admiral Tseng Ju Cheng, viceroy of the Shanghai district, implicated many others of the revolutionary party. Fifteen arrests have been made.

The governor was on his way to attend the coronation reception for the mikado of Japan at the Japanese consulate. His private secretary was seriously wounded.

THIRD PICKERING INSTITUTE

Club Women to Have Annual Domestic Science and Agricultural Meet—Miss Bell to Speak.

The third annual domestic science and agricultural institute to be given under the supervision of the Mothers' club of Pickering, will open Friday morning and continue until Saturday night.

The domestic science and needlework displays will be shown in the Methodist church, and the demonstrations, which will be given by Miss Bab Bell, lecturer from the Missouri state board of agriculture, will be held at the Wray Brothers' hardware store.

All the women's clubs of Pickering and the surrounding rural vicinity will participate in the event. Both previous institutes have been highly successful and well attended.

Premiums and ribbons will be awarded in all classes of domestic science and farm product displays.

DIDN'T SAY A WORD

CHARLES McNEAL TOOK SEAT IN COUNCIL LAST NIGHT.

SIDEWALK ORDER IS MADE

M. H. Borrusch Protests Standpipe Arrangement at Third and Buchanan Streets—No Other Business.

The proper ordinance requiring that a cement sidewalk be put down on the west side of Short street, under the direction of the street commissioner, was passed last night by the board of aldermen.

Lafe Murray was ordered by the city council to construct such a sidewalk. He has not done so, and the city will sue for the cost if the special assessment is not paid to show to all the skeptical that the city has such power by law.

Charles McNeal took his seat in the council last night as an alderman and not a word against his appointment was heard. No other business except adjournment was transacted by the board. Aldermen Dragoo, Hahn, Fisher, McDonald, Garrett and Peery were present.

M. H. Borrusch appeared before the council last night to protest against the plan of the water committee for remedying the nuisance to the Borrusch building at Third and Buchanan streets. Water from the stand pipe from which the flusher is filled seeps into the basement.

The water committee plans to construct a cement platform upon which the flusher can drive, and which will carry off the surplus water. Mr. Borrusch wants the pipe removed altogether, as he does not believe that the other arrangement will stop the trouble. To remove the pipe would cost $200, and the platform $100.

None of the other ordinances were acted upon as W. H. Crawford, city attorney, did not have them ready. The special meeting was called so that the construction on the sidewalks might be done before cold weather. The cleanliness and anti-trash ordinance will be brought up at the December meeting.

WILSON CALLS CABINET

FIRST MEETING SINCE JULY TO BE FRIDAY OR TUESDAY.

Preparedness, British Note On Shipping and New Submarine Activity Subjects of Discussion.

Special to The Democrat-Forum.

Washington, Nov. 10.—President Wilson has called a special meeting of the cabinet for either Friday or Tuesday. National defense and the British note on shipping are given as the matters to be discussed.

This is the first meeting since July. It is probable that the sinking of the Italian steamer Ancona will also have a prominent place in the deliberations of the advisers of the president.

CHARITY BOARD STARTS WORK.

Will Hold Joint Session With Church Representatives Next Week.

A special meeting of the city charity board has been called for Monday night of next week at the Commercial club to plan for the winter's work.

A meeting of the officers and others was held last night and various matters of business discussed. Representatives of the churches and other organizations have been asked to meet with the board next week and assist in formulating plans.

FLUE BURNED AT PERRIN HALL.

Fire Department Makes Run at 1:30 This Afternoon.

The fire department made a run at 1:30 this afternoon to Perrin Hall, where a flue was burning out. The usual crowd went along. The chimney was making a lot of smoke, but there was no fire except in the stove, as half of the crowd told the other half.

A line of hose was strung from the corner of Buchanan and Second streets but nothing but the chemicals was needed.

PRESBYTERIAN MEN BANQUET

W. H. Crawford, City Attorney, Talks On Administration's Attitude to Morals—Pastor Speaks.

The monthly banquet of the Men's club of the Presbyterian church was held last night with about thirty-five present. Dinner was served as usual by the women of the church.

Beside the regular social features of the evening, a talk was given by W. H. Crawford, city attorney, on the attitude of the present city administration and board of aldermen toward all moral issues of the city. Cigarettes, the curfew law, the local option election, and other matters were discussed.

Mr. Crawford's address was followed by a short talk on civic welfare by the pastor, the Rev. W. M. Case.

300 LOST ON LINER

11 AMERICANS ON BOARD SHIP SUNK BY SUBMARINE.

THEIR FATE NOT KNOWN

More Than 500 On Ancona, Italian Steamer—United States Will Wait For Facts From Rome.

Berlin, Nov. 10.—Late bulletin.—An official announcement of the war office states that the Ancona was torpedoed by an Austrian submarine after attempting to escape.

Washington, Nov. 10.—American Ambassador Page at Rome has been instructed to report all the facts concerning the sinking of the Italian steamer Ancona by an Austrian submarine.

Awaiting the receipt of the report, no action will be taken by the government of the United States.

Americans On the Ship.

Rome, Nov. 10.—The Italian liner Ancona has been sunk by a large submarine flying the Austrian colors.

Naples reports that eleven Americans engaged passage on the Ancona, which sailed from Naples November 9 to go to New York. It is not known whether all of them sailed.

The Italian government is handicapped in getting the details by the static conditions crippling the wireless. The large ship apparently went down near the Algerian coast. It is reported that a hundred shell were fired before landed by torpedo, but it has not been confirmed.

Two hundred and seventy survivors, some of whom are wounded, have been landed at Bizerta. Mr. and Mrs. Canfield Jones of Philadelphia and Mrs. S. Sassoli of Washington are reported to have been on board the steamer. Communication with ports says landing was difficult and the official report has been delayed.

300 Lives Were Lost.

London, Nov. 10.—Three hundred lives were lost in the sinking of the Italian steamer Ancona by an Austrian submarine, according to a statement by Lloyds this morning. There were 582 passengers and sailors on board, 83 being in the first cabin, 339 in the steerage and 160 in the crew. Two hundred seventy passengers have landed at Bizerta and some are reported as landed at Tunis. It is not known how many Americans have perished.

Three British Ships Submarined.

London, Nov. 10.—Three British freight ships, the Clan McAlister of Glasgow, the Moorina and the Californian, have been sunk by torpedoes in the Mediterranean. All are of about 4,000 tons. The fate of their crews is unknown.

Kitchener Not Going to India.

The Exchange Telegraph company says that an Italian submarine and a flotilla of destroyers are now pursuing the Austrian submarine which sunk the Ancona.

It is officially stated that Lord Kitchener is not going to India, but is on his way to the Balkans, as formerly stated. It had been rumored that he was on his way to quell a mutiny among the various tribes in India.

BIG STEEL PLANT BURNS

BETHELEM GUN WORKS IN RUINS WITH 800 CANNON.

Loss Will Be Several Millions From Fire Whose Origin Is Not Known —War Material for Allies.

Special to The Democrat-Forum.

South Bethlehem, Pa., Nov. 10.—The machine shops of the Bethlehem Steel Works, containing all of the machines for making war material, were burned this morning with a loss of several million dollars.

The corporation is the largest single manufacturer of guns and war material in the United States. In the ruins are 800 guns ready for shipment.

Most of these guns were for the Allies in the European war but some were for the government of the United States.

The origin of the fire is unknown.

MAYOR WRIGHT NOT CANDIDATE AGAIN

BUSINESS CARES AND STRAIN OF OFFICE HIS REASONS.

MAY AFFECT DATE LOCAL OPTION VOTE

Temperance Forces Desire Election When Sure of City Administration Favoring Them.

"I am not and shall not be a candidate for the office of mayor for another term," said Mayor U. S. Wright this morning. "If the place is a good thing it ought to be passed around, and if it is a bad or a burdensome affair, then I have done my share."

"Of this I am certain," continued the mayor, "that I do not want the office again. I have said that for many months and I mean it. Therefore I will not allow myself to be put forward as a candidate because I do not want the office again.

"No one except those who are connected with the city hall and the administration has any idea of what a clearing house for all kinds of complaints the mayor's office is. Everything from the sewer at the Wabash trestle to the blackbirds in the trees, and from bad water or heat service to too much dust or smoke in the air is brought down to be poured into the ear of the mayor.

"And beside being a strain on one's physical vitality, I am holding the office at a financial loss. Personally, I desire to get back to my business and let some other man run the city. That is my decision if it is left to me alone."

Considerable interest has been attached to what the mayor would do in the coming city election since the liquor election has begun to be discussed. A mass meeting is to be called to decide whether the temperance forces want the local option election February 3 or prefer to wait until sixty days after the city election, which will be held April 4.

Those who favor the February date point out the possibility that there may be a change in the administration of the city government, and that the anti-saloon election had better be held while it is certain that the mayor and other city officials are favorable to the dry side.

Others who believe strongly that the election should be held in June say that Mayor Wright can be persuaded to run again and that his election will be assured. The city election in that way could be made a good preliminary to the local option fight, say these leaders.

So the question, "What will the mayor do?" has arisen. The Democrat-Forum takes pleasure today in giving the answer to that query.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

A henpecked individual excuses his existence on the ground that if it were not for the men the women would have no one to "boss around."

All talk of President Wilson entering another presidential campaign is at this time inopportune. Mr. Wilson is nearing the end of a more important campaign and is too wise to muddy the matrimonial waters with politics. After Christmas maybe he will be open to further suggestions.

Moberly voted "wet" Tuesday by a majority of about five hundred. At a prior election they carried the city by over eight hundred. The last vote shows an increasing sentiment in favor of a dry town and should be a sufficient warning to the wets in Moberly that they must slow down or be swept off the map.

Former Congressman Vandiver of St. Louis is the latest mentioned prospect for the democratic nomination for governor. Mr. Vandiver has a strong following in southeast Missouri and is a close friend of former Governor Folk. He is at present in charge of the United States subtreasury at St. Louis and was endorsed by Senators Stone and Reed.

There is every reason to believe that the coming session of congress will be a lively one. There are a number of very important propositions held over from last congress, and to them will be added the ever-recurring question of national defense. Circumstances give this question an unusual importance and a vigorous, if not a bitter, contest will likely be waged before it is settled. If Mr. Bryan should undertake active opposition to the president and throw his influence against the administration program it will be difficult to avoid some bad feeling.

A recent copy of an exchange contains a full page advertisement of a special subscription offer in which appears such expressions as these. "Most stupendous subscription offer ever made," "this gigantic offer," etc. The offer, however great a bargain it may contain, is half killed by the extravagant adjectives used. Good ad writers of the present day appeal to the intelligence of the public with clear, simple logic and succinct reason, and the circus style, familiar a few years ago, has a tendency now to prejudice the case of the advertiser against him rather than to benefit him.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Relieves Worst Cold or the Grippe in Few Hours—No Quinine Used.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

NOVEMBER KEEPING IT QUEER.

All Kinds of Weather Since the First From Cold to Lukewarm.

Saturday was the warmest November day ever recorded by the weather bureau, the thermometer registering 83 at Kansas City, and Sunday was a warm day with a veritable hurricane blowing at times from the south.

Monday morning people awoke to encounter a very cold wind blowing from the northeast. Today is balmy in the morning like an April day. Evidently November is going to do its best to keep up 1915's record for queer weather.

Sunnybrook News

This is some busy time around Sunnybrook country store, gathering corn, hauling wheat, working roads, making cider and going to 'possum suppers.

John Hanson is hauling wheat to Barnard this week, and is getting 80 cents per bushel. M. A. Gray is also hauling his wheat.

The meeting at the Bethany church which has been holding some time closed Sunday night.

H. L. Groves and family spent Sunday at the Judge Hayworth home.

William Cramer and family of Maitland spent Monday with Mrs. James Thompson.

M. A. Gray and wife have returned from a two weeks trip at Des Moines, Ia., where they visited their daughter, Cleo, who is studying music at Drake university.

E. W. Patton delivered hogs to Blagg & Ramey at Arkoe this week.

Some corn is changing hands at 50 to 55 cents per bushel.

Emmett Goff and family left Saturday in their car for Colorado, where they expect to locate.

Ed Pittsenberger spent Sunday with his parents, Mr. and Mrs. Hiram Pittsenberger.

M. A. Gray and wife and Ed Young and daughter motored to Maryville Saturday.

'Possum Walk lodge No. 9 will hold its annual 'possum feast the first Friday night in December.

The Masonic lodge of Graham had a third degree exemplification last week, and a number from Barnard lodge attended. Those in the crowd were Judge Hayworth, R. W. Young, W. C. Duff, J. B. Rasnic, M. A. Gray. A three course supper was served after the lodge meeting.

Home From Saxton.

Mrs. M. Heffern returned Tuesday evening from a visit with her sister, Mrs. William Morrisey in Saxton, Mo. She was accompanied by her aunt, Mrs. Margaret Walker of St. Joseph, who will be her guest.

Will Move to Town.

James R. McMahon, who has lost the sight of one eye and partial sight of the other in two accidents within the last year, has rented his farm, two miles north of Wilcox, and will move to Maryville. He has announced a closing out sale for November 16.

Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall Orderlies—a mild laxative that tastes like sugar. Try them today. 10 cents.

Mrs. George Cobb of Hopkins is shopping here today.

Give your Child Dr. King's New Discovery for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation.

"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them *free* from cold. I can't say too much for it, and take pleasure in recommending it to my friends." *Mrs. A. S. Haines, Franconia, N. H.*

Don't put off treatment. Coughs and colds often lead to a chronic cough, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.

BIG HOG DAY AT ST. JOSEPH.

Run of 14,895, Largest Since February 4.

Receipts at the St. Joseph stock yards today totaled 13,584 head, the largest one-day run since February 4, 1915, when 14,895 arrived. An unusual feature of the big run here today was the fact that only one dead hog was included in the total arrivals of 177 cars. Practically all of the hogs arrived early, and while the market was mostly 15 to 20 cents lower than Monday, demand was sufficient to fully absorb the offerings.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yet—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

Bothered by Catarrh, Bronchitis, Asthma, Head or Chest Colds?

Try the "Vap-O-Rub" Treatment—Relieves by Inhalation and Absorption. No Stomach Dosing.

No need to disturb your stomach with internal medicines for these troubles. Vick's "Vap-O-Rub" Salve, combines by a special process—Menthol, Thymol, Eucalyptol, Camphor and Pine Tar, so that when applied to the heat of the body, these ingredients are released in the form of vapors. These soothing, medicated vapors are inhaled all night long through the air passages to the lungs, loosening the phlegm, soothing the inflamed membrane, and aiding the body cells to drive out the invading germs.

In addition, Vick's is absorbed through the pores, reducing the inflammation and taking out that tightness and soreness. 25c, 50c, or $1.00. At all druggists.

Do The People Want a Fair?

We realize that very few people understand the real conditions under which the Fair has been conducted the last two years. We further realize that a County Fair should be owned and conducted by the people and the stock distributed throughout the county as much as possible. The organization has been indeed very temporary. We have been unable to plan definitely for future exhibitions. And would say, without going into detail (which seems improper here) that without the support of the people of this county whom we feel should have as much interest in this matter as curselves we care to go no farther without your hearty co-operation and support. We have endeavored to give the public good clean Fairs and Entertainment, and have tried so far (under trying circumstances) to fulfill every promise made. Will you take an interest and be one to assist and have a voice in maintaining the best County Fair in the state? This is not a sympathetic appeal. Our personal interest is no more than yours. We have no ax to grind in the matter. It is a plain business proposition. Shall the Fair be for the people and by the people? It is up to you.

Here Is The Proposition To The Public

Whereas the Maryville Nodaway County Fair and Agricultural Association, of Maryville, Mo., a corporation formed for the purpose of operating and conducting a general County Fair, Live Stock and Agricultural exhibition, being duly incorporated under the laws of Missouri, on January 11, 1915, for a term of (20) years, the amount of capital stockis ($25,000.00) divided in (250) shares of par value of ($100.00) each, subject to mortgage of $3,600), which amount of stock is considered (Preferred) stock. For the good and promotion of the above Fair Association the officers propose to sell (108) shares of stock **or more,** which represents the controlling interest of the above corporation. **Said stock to be sold on the following conditions:**

FIRST, the above amount of stock (108) shares to be sold on or before January 11, 1916. **Otherwise this contract to be void.** No stock to be issued by corporation to subscribers until (108) shares of stock has been subscribed for.

SECOND, in case the above amount of stock is subscribed for, on or before January 11, 1916, the officers of the above corporation will notify each subscriber of meeting to be called on or before January 11, 1916, at which time stock subscribed for will be issued and become due and payable, either by cash or bankable note.

THIRD, the terms of office of the present officers of the above corporation expire on January 11, 1916, at which time stockholders will be requested to meet in Maryville, Mo., for the purpose of electing new officers for the corporation. Also officers for the Fair Association and drafting rules and regulations and other business that may come before the association.

A Parody on Hardware

Thanksgiving Day is almost at our door,
That's why we all begin to look so glad
And too because of things we see in Hudson and Welch's hardware store.
Of this I'm certainly going to tell my dad
To get one of those aluminum roasters.
There isn't any doubt but what they are the best,
And my the prices, how they beat the rest.
But when you've seen them it doesn't matter about the change.

Oh say, before you leave ask them to show you
The famous South Bend Malleable range,
Then think about the matter for a while,
It's their guarantee that you will shed no tears.
The flue is lined with special compositions,
To last you for more than twenty years.

Take a look at their soft coal heaters,
And here you have to wonder some more
For there isn't a better line in any city.
If you can show this you'll get the best stove
They have upon the floor.

Take a look at their hard coal base burners,
And wood stoves they surely have them galore.
But here's the whole thing in a nut shell,
The proposition is right now up to you,
And find they have their prices on the lowest floor.

Butchering Notes.

Butcher hogs at home.

Give them water but no feed for a day before killing.

Bleed the hog with an 8-inch straight bladed knife.

Be sure bleeding is done before scalded or the skin may be left too red.

A heavy blow with an axe between the eyes will stun the animal before sticking.

The meat may spoil if the animal is excited before killing or the weather is warm afterwards.

Scrape as quickly and rapidly as possible after scalding. The cold carcass is hard to scrape well.

Bleeding will be finished more quickly if the animal lies on a steep slope with its head down hill.

Keep the hog moving in the barrel. If the animal is left pressed against the barrel the hot water cannot get at that part of the carcass.

Scraping is easier if a shovelful of hardwood ashes, a lump of lime, some concentrated lye, or a handful of soft soap has been added to the water.

Use a thermometer. Do not attempt to scald with the water at above 150 degrees. A good scald can be obtained at 140 degrees, but it takes longer.

In opening the carcass, split the pelvic bone between the hams with a knife by cutting exactly in the center. To open the breast bone with a knife cut a little to one side of the center, but do not let the point of the knife get behind a rib.

These methods are used at the Missouri college of agriculture, where students are taught the principles and practice of home butchering and curing. There is nothing to prevent the farmer from having the best without the extravagance of big store bills for sale pork. Both he and the storekeeper will profit if he cures meat for his own table and uses the money saved to buy things he wouldn't otherwise get.
